Symposium:

Problems and Challenges with COVID-19 Laboratory Testing

The Association of Clinical Scientists presents a virtual half-day symposium with four outstanding speakers discussing the laboratory response to the viral pandemic.

John Hicks, MD, DDS, PhD
Baylor College of Medicine
History of Pandemics

Salika Shakir, PhD, D(ABMM)
ARUP Laboratories
Saliva Testing for SARS-CoV-2

Jim Dunn, PhD, D(ABMM)
Texas Children's Hospital
Molecular Testing for SARS-CoV-2

Elitza Theel, PhD, D(ABMM)
Mayo Clinic
Serologic Testing for SARS-CoV-2

Friday, November 13, 2020
2:00–5:00 pm EST

Topics include:

- novel testing paradigms
- sample collection—what is valid?
- using testing to assess immune status
