Join us to celebrate the Association's 75th year at this year's conference. The Program Committee, chaired by Jonathan Hoyne, Ph.D. (Mayo Clinic Jacksonville), is planning an exceptional agenda for both engagement and enjoyment.

The overall meeting theme is centered around *Tomorrow's Diagnostics and Therapeutics Today* with session themes including: "Neuropathology Disease and Treatment," "Transforming Transplant," and "Emerging Therapeutics."

The featured Annual Banquet speaker will be Russell Brodie of the Florida Fish and Wildlife Marine Science Research Institute.

Activities include the Banquet with several awards to present. The cultural tour highlights St. Augustine and the Castillo de San Marcos.
